

## Review Casa Select Andalucia/Monique Aarts

***“ I can strongly recommend Casa Select Andalucía and the hard-working, talented and nice broker Monique Aarts. If you want to know some of the reasons why I am so satisfied with her, just read further...”:***

In our country Norway we have a lot of rules and bureaucratic systems to make purchase and sales of properties as secure as possible. The media in Norway often write stories about unlucky investments abroad, and all the hazards and traps you can meet. I am also educated as a broker myself, and very aware of the fact that it's not the same requirements to brokers in Spain as in Norway. So for us it was not only important to find the right property, but also to feel confident that the trade is arranged safe and correctly.

We spent plenty of time to find the right property, and met a lot of nice brokers on our way. But when we met Monique Aarts from Casa Select Andalucia we not only met a broker, but a person that really cared to find the right property according to our wishes. She met us every day for a week and guided us in a very professional way, which removed all our skepticism. She told us about the system in Spain and how the trade shall be conducted in a safe and proper manner. As an example I can tell that some of the other brokers even told us that it's not necessary to use a lawyer, but according to Monique and all our surveys it is very important to use a lawyer. She introduced us to the very good lawyer Thomas Gant López at DeCotta McKenna Y SantaFè in Nerja, whom I also can recommend strongly. I will use his services in any future projects.

We felt absolutely no pressure to buy, and went back to Norway with several relevant properties to choose in, also from other brokers. But the mostly relevant was what Monique had shown us. That was because she had listened to our wishes, and then did her best to find something that matched our description. That is one of the many reasons why I also would choose Monique to sell my property.

She also kept in touch with relevant information, so when we went back to Spain we were in no doubt that we would buy some of the properties that Monique could offer. The question was just what property we should choose. Because Monique did a good job of finding the right property for us, we are now the happy owners of a fantastic house in San Juan de Capistrano, Nerja. You can see my house at [www.spain-holiday.com](http://www.spain-holiday.com)(id 5589). Feel free to contact me for more information, or if you want to rent my house when you are looking to find something to buy.

I am now looking to buy more properties, and maybe a small hotel, but I am no longer looking for the right broker. As long as it's up to me, all of my purchases and sales of properties in the area will be made by Casa Select Andalucía and Monique Aarts.

Best of luck and kindest regards,
